

Since version 011 object hash is enabled to reduce the pdf size when redundant images are used

This image below has a size of **10823 bytes**

So the object is being hashed and reused 3 times in this examples

The XObject always refers to the same object number.

Put '**?nohash**' to disable object hashing

A 3D rendered image of the text 'R&OS' in a bold, red, sans-serif font. The letters have a thick, blocky appearance with a slight shadow underneath, giving them a three-dimensional look.A second 3D rendered image of the text 'R&OS' in the same red, bold, sans-serif font. This image is identical to the first one, demonstrating object reuse.A third 3D rendered image of the text 'R&OS' in the same red, bold, sans-serif font. This image is also identical to the first two, further illustrating the concept of object hashing and reuse.
